Supplementary Material

Synthesis of macrocyclic derivatives with di-sucrose scaffold

Norbert Gajda and Sławomir Jarosz*

Institute of Organic Chemistry, Polish Academy of Sciences
ul. Kasprzaka 44/52, 01-224 Warsaw, Poland
E-mail: slawomir.jarosz@icho.edu.pl

Table of Contents

1. Assignment of the proton resonances in macrocycle 10 S2
2. Assignment of the proton resonances in macrocycle 19 S3
Assignment of the proton resonances in macrocycle 10
Assignment of the proton resonances in macrocycle 19
